

Experience

Junior Digital Designer – Disciple Media

March 2019 to August 2020

- Greatly improved consistency across all touchpoints by building and maintaining the company design system, which saw a 100% adoption rate.
- Increased marketing website conversions by 24% after conducting usability tests and using the results to guide improvements to the homepage.
- Worked closely with the Product Managers and Developers, ensuring technically feasible designs that aligned with both the business requirements and user needs.

Digital Design Intern – Tamassy Creative

March 2018 to March 2019

- Met with clients in order to fully understand their business goals, ensuring they were delivered high-quality responsive websites that went beyond their expectations.
- Created sitemaps, wireframes and prototypes to communicate user flows and interactions to developers.
- Collaborated with the Developers to ensure consistent, pixel-perfect implementation of designs.
